INTERNATIONAL STUDENTS @ UCA

Sofie Vanmaele
Coordination of the Academic Administration UCA
sofie.vanmaele@univ-cotedazur.fr
8 core programs

to support transdisciplinary research and linked training
UCA\textsuperscript{ jedi} education landscape
4 core learning programs

- Data Sciences
- Anthropogenic Risk and Environmental Sciences
- Life Sciences
- Modeling, Cognitive Systems and Computational Neuroscience

- Transdisciplinary approach
- Full English programs
- 50\% international students
- Innovative teaching approach
11 MSc programs

- Transdisciplinary courses & international orientated education
  - 100 % in English
  - At least 50% of the students will be international
  - 1 international internship (mandatory), 1 in France (or elsewhere)
  - 4000 € / year
  - Scholarships are available (social / excellence criteria)
- Employability
## September 2018

What are the UCA Jedi Excellence Initiative courses that will launch in September?

In September 2018, the Université Côte d'Azur will offer more than ten training programs as part of the IDEX UCAJedi. These are a new genre of educational program, designed to meet the multiple needs of their environment and to support intensive research or to contribute to economic development of the region. Erwan Paitel, Executive Director of IDEX UCAJedi Education, explains the features and operation of these new programs.

International degree programs

The international degree programs offered by the Université Côte d'Azur emphasize excellence and innovative pedagogy. These are a new generation of training programs, which offer a master's level degree, supported by the Initiative of Excellence (IDEX).

The level of requirements and quality of international degree programs are characterized by:

- intensive courses with reduced class sizes,
- a multidisciplinary approach,
- the use of new educational technology,
- instruction entirely in English,
- 50% international students.

Discover international degree programs, offered only at the Université Côte d'Azur:
Master of Science (MSc) in SCIENCE, CONSERVATION & VALORIZATION OF MARINE RESOURCES

Engage in an interdisciplinary approach to appraise marine biological resources and their scientific, economic and social values.

- Master of Science (MSc)
- FI (traditional initial training) / FC (executive training) / FP (continued training)
- 2 years
- Nice Campus Valrose / Sophia Antipolis / SKEMA, Sophia Antipolis
- 100% English

Erwan Paitel, Executive Director of IDEX UCAJedi Education, explains the features and operation of these new programs.
What are the UCA Jedi Initiative courses that start in September?

In September 2018, the University of Côte d’Azur offers more than ten training programs through the IDEX UCAJedi. These programs are new and unique, designed to meet the needs of students, professionals, or to contribute to economic development in the region. Erwan Pailé, Executive Director of UCAJedi Education, explains the operation of these new programs.

How to register

Registration at the Université Côte d’Azur for the year 2018-2019 mainly applies to programs at the master’s level, doctoral candidates and some university degrees. Registration for the IDEX international M.Sc. programs starts on February 1, 2018. Registration takes place in the spring for the Master’s programs, and the end of June for Ph.D. students. However, the registration process for IDEX programs does not follow the academic calendar and must be conducted with the person responsible for each program.

To make the application process simpler, the entire registration is conducted online. You must follow the instructions and complete all the steps in order to be enrolled.

The registration process in 5 steps

Step 1: Online application (E-candidature)

In order to register, you must apply via an online platform. There are several application platforms, depending on the level of your proposed degree program and the language that you speak. Make sure to:

1. E-application for IDEX international M.Sc. programs
2. E-application for Masters programs
3. E-candidature for University Degrees and DU
4. E-candidature for Doctoral Programs

Once you are on the platform, choose your language by clicking on the flag corresponding to your language. This is important to help you understand and follow the procedures.

5. Ensure the requested INE number is your National Student ID. It is indicated on your baccalaureate results, your student card, and other documents provided by the state or the university after an enrollment.
Main problems

• Are you using the correct online application platform?
  ⇒ ecandidat.univ-cotedazur.fr/Master

• Do you have a French Baccalauréat?
  ⇒ NO?
  ⇒ No problem, but choose:

    “0031-titre étranger admis en equivalence”
Preparing your arrival in France

SOON on the website UCA

- Visa
- List of accomodations
- Bank accounts
